

The Money You Buy

Naturally you want full value for the money you've had to buy with your brains or your muscles.

At this store we feel it up to us to give you clothes that represent full value measured in brains and labor.

We offer you Clothcraft because its makers have put 70 years of the most intense study and hard work into perfecting the manufacture of medium-priced clothes for men and young men.

You'll realize, the moment you try on a Clothcraft suit, what the labor and brains of the makers have given you in clean-up styles, comfort and finished workmanship.

We want to see you, and have you see Clothcraft Clothes.

We have associated ourselves together for the purpose of getting the County of Rockcastle placed upon the map as an oil field. We believe that we have oil in this county and we expect to be able to get drilling started before September 1st in several districts in this county. If you have lands to develop, give us a reasonable lease and we will use our best efforts to get drilling done in your vicinity.

We have some shares of stock yet unsold and which we may offer to the public. Not one dollar of the money subscribed for this stock will be used for any other purpose than buying and developing additional territory or the territory already leased. No salaries of officials of this company will be paid until paying wells have been drilled and sales of oil made.

We invite the help of our citizens and promise you that we shall do all in our power to bring this territory into the field of profitable oil production.

BRODHEAD

A BURGLAR entered the residence of Dr. W. E. Gravelly, Thursday night of last week, making his way thru several rooms, up a stairway and into the bedroom occupied by the doctor. After securing the doctor's trousers he went into a room on the first floor, rifled the pockets, taking about \$22.00, which was in a bill book and purse, carefully placed the pocket book back in the pockets together with all papers, folded the trousers and placed them on a bed, left without leaving a clue as to his identity. The doctor's gold watch was in the trousers unaltered. — Mrs. D. M. Holmes, of Crab Orchard, was visiting Mrs. J. W. Tate during the week. John Cress, Lincoln County's stock dealer, shipped two cars of lambs from here Friday, and a car of hogs from Crab Orchard. — D. M. Cress passed thru town Saturday with a nice bunch of cattle for the Stanford market. Mr. and Mrs. B. A. Wheelon were in Mt. Vernon, Sunday, the guests of Mr. and Mrs. S. T. Proctor. — K. J. Smith was in Stanford, Monday, with a nice bunch of cattle. — The Rev. and Mrs. H. T. Young, of Mt. Vernon spent several days here with his brother, B. T. Young and family. — R. L. Smith, of the Hiatt section, started to Stanford, Saturday, with nine cows, calves and yearling steers, but sold them to Paul Finch, at Crab Orchard, \$278.25 being the consideration. — Mr. and Mrs. W. H. Barnes were in Somerset during the week. Mr. Barnes was visiting the merchants in Pulaski county on this trip representing a Scale Company. The trip was made in W. L. Robert's Ford. — William Francisco, who is working in Cincinnati, was at home Saturday night and Sunday, returning Monday. — Mrs. L. Hilton, and little son, James Butler, of Stanford, were with her parents, Mr. and Mrs. J. R. Cass, during the week. — F. Francisco, John Riddle, Byron Owens, and A. M. Hiatt were in Mt. Vernon, Monday, between trains. — Joe Riddle was in Lexington, Wednesday. — Bob Cass, after spending two weeks at Crab Orchard and Stanford, returned home Sunday. — George

and Nathan Brumett were in Stanford with a drove of cattle. — C. H. Frith has been in Irvine quite a lot here of late associating with John D. — John Riddle was in Somerset the first of the week on business. — The Rev. A. J. Pike filled his regular appointment at the North Rolling Fork Baptist church, Saturday and Sunday, near Gravelly Switch. — Judge G. M. Ballard and County Surveyor Monahan, were in town Wednesday, looking after some road matters. The Judge says the line from here to Lincoln county will be surveyed next week, and the grading done in the near future. — Mrs. F. L. Durham, and little son, Austin, were with her parents, Mr. and Mrs. J. F. Watson, Wednesday and Thursday. — Rev. H. T. Young, of the Mt. Vernon Christian church preached a very interesting sermon at the Christian church here Tuesday evening. — C. Kreamer was in town this week loading some machinery that was used here in manufacture of saffras oil. — Mrs. Thos. Lamar and daughter, Miss Ida, left for their home in East St. Louis, Tuesday, after spending several weeks here with relatives.

J. N. Thomas is visiting his brother in Texas. Mr. Thomas had not seen or heard from his brother for more than thirty years and knew nothing of his whereabouts until a few weeks ago thinking for many years he was dead. After learning that his brother was located in Texas he wrote and immediately received a reply and is there now with a view of locating near his brother. — Dr. Walker Owens, was here Monday from Mt. Vernon to see J. M. Adams. Mr. Adams' condition shows little improvement, and his recovery is considered doubtful. — S. L. Cummins, Crab Orchard's Wide awake mill man, was in town Tuesday. — Victor Francisco who has been working in Cincinnati is home for a few days. — The L. N. agent and operator here received notice of a raise of \$2.50 on the month, the assistant agent getting a \$10.00 boost. — Ben Riddle is in Lexington today and will bring an auto home with him when he returns. — A gentleman, whose rep for the truth is unquestionable, told us confidentially a few days ago, that while walking thru a woodland belonging to Chuck Frith about a mile from town he discovered two pegs in the ground about thirty feet apart and signs of horse shoe pitching, his opinion being that this spot is where Chuck does his practicing during his vacation. This is undoubtedly true for we notice marked improvement in his pitching. — R. E. Albright was in Stanford during the week, and we understand contracted for a Ford. — John Robins, A. M. Hiatt and R. L. Smith took in the John Shows at Stanford Saturday night.

DRILLING IN ROCKCASTLE.

The oil fever is extending into Rockcastle county and the country is full of leasers and operators.

A rig is being moved onto the Hick's farm, about two miles northeast of Wildie. Draper and Conn are the contractors and Voss & Merideth, of Greencastle Ind., are the operators. A number of locations have been made in that section; large tracts are held by Snowden Bros., and others.

Marcum Gaines & Neely are preparing to do some extensive development work and have two rigs engaged for operations in that district.

J. H. McClurkin has contracted for two wells near Conway, and James Church of Richmond, will drill one or more wells in the vicinity of Boone Gap. A company of Crab Orchard citizens are selling stock for testing out a block of acreage west of Conway. This section is on a direct line to the south-west, is about the same distance from the general line of outcropping Carboniferous life as the Irvine pool, and will attract the attention of oil men. — Estill Tribune

KENTUCKY PRESS ASSOCIATION

We understand that there are quite a number of strangers operating in this county in the interest of certain oil companies. Our people will do well to exercise some care in leasing their lands. They had better try to get some company or companies to come into this territory who are willing to spend some money to develop our oil lands if we have any. Some agents are running over the county with no idea of developing and mean to sell their leases to anyone that will pay a small sum for them. In this way you may tie up your property so that it will be almost impossible to get real development started in this county.

Notice is requested to the adv. of the Rockcastle Oil and Gas Co. The gentlemen who are looking after the interest of this company are trying to provide the means to test this county and find out for a certainty whether or not there is an oil pool underlying Rockcastle county. You will notice that this company has associated with it, Geo. B. Williams, of Irvine, who has done so much to develop the Estill county pool. He knows more about getting the proper people interested here than any man in the state. W. J. Sparks tells us that Mr. Williams has already secured one good company to put down a well at once in the territory of Rockcastle Oil & Gas Co. Other will follow and by September 1st we may expect to see several wells started in the lands leased by the Rockcastle Oil & Gas Co. Let the good work begin and go on until we know what we have beneath these hills.

OUR BOONE WAY MAN In Winchester

By JAMES MARET.

Last week was a great wheat threshing time. Many thousands of bushels were hauled into this place direct from the field.

A Darkey here, a few night since, ate 3 pounds of fat raw meat, on an agreement that a by stander would pay the cost. He offered to eat three additional pounds if the same one would pay for it. No one cared to waste their money. If that coon should ever get real hungry he could clean out an ordinary smoke house on short notice or without any notice whatever.

How good and how pleasant it is for the brethren to dwell together in unity. Since the road way working has begun on the Livingston end and in progress from Mt. Vernon to Brodhead, that belligerency that was becoming quite noticeable between your Brodhead and Livingston reporters, has, we are pleased to note been amicably adjusted.

The writer took a walk Saturday, out over the newly graded road-bed leading out of Mt. Vernon toward Brodhead and most agreeably surprised at the progress being made. The class of work being done is good.

Three trains of soldiers passed thru here over the C. & O. Monday from New York enroute to the Mexican border.

Batson & Sousley a firm of this place, do considerable shoe repairing in their establishment. The peculiar sound of the name of one of the firm doesn't delay work a minute.

Often, when some moonshiners outfit, consisting of a few old tubs etc. is smashed by the Government men, the report goes out that it was the biggest still found in years: the longest worm, in the wildest, most inaccessible region; the treacherous operators escaped.

It is indeed a great pleasure to

every good road. man in Rockcastle, and especially to the writer, to see the construction on our highways begun and to note the rapid progress of the work. This after the question of good roads has passed thru many dark, gloomy, days when it is something to hearten the cause of those who have fought for an are found still fighting in the ranks of better things for our own Rockcastle and the old Kentucky home. The writer feels that his three years work was not in vain.

Mrs. J. A. Oliver, and children of this place, are visiting friends and relatives in Livingston and Rockcastle.

Miss Nola Jones of Winchester, was visiting friends at Parks during the week.

Large banners stretch across the street tell of the big Winchester Fair which takes place July 26-29. A booster train will make a few of the Eastern counties a few days before, advertising Winchester and the Fair.

The Mt. Vernon and Brodhead fairs will have representative from Winchester during their exhibitions.

We hear many compliments on the Mt. Vernon Fair catalog. It is one of the best issued by many of the fairs. Mt. Vernon has good printers along with her many other good things.

The people over here seem as anxious for the completion of the highways through the Cumberland mountains as the mountaineers themselves, and that's talking some little bit.

Col. Thos. G. Stuart does not spell his name S t e w a r t, as we had it in one of our former letters. We could have placed the error to the intelligent compositor, but that clever individual had the "copy" on us.

The writer has had a map of Boone Way electrolyzed which will appear in the Signal at an

early date. It will show the route and loops between Louisville and Boone Park, N. C., and Boonesboro, Ky.

FURTHER RAIDS IMPOSSIBLE.

In any event, it was pointed out, will be impossible for any considerable force of bandits to assemble for an attack across the line such as the raid on Columbus, Ky., if Gen. Carranza carries out the promises made in his note to employ all efforts that may be at his disposal to avoid the situation.

RESOLUTIONS.

The fourth day of July having been set apart as a National Holiday, it being the day the Declaration of Independence was signed, declaring all Americans a free and independent people and to be celebrated by all true Americans.

Whereas The Local Council 167 of the Jr. Order of United American Mechanics, a purely patriotic, benevolent, nonsectarian and non-partisan organization gave a picnic at Browning's Park in Livingston, Ky., for the purpose of meeting in good fellowship and celebrating the greatest of all National Holidays, with a program consisting of: Music, furnished by the East Bernstadt Band, Sack Racing, Foot Racing, and a Cracker Eating contest. Refreshments in splendid speaking, which

was an unusual success and gratifying to all present.

Be It Resolved, That the Livingston Commercial Club most heartily endorses the attitude and Spirit of Patriotism of said Organization in giving the picnic, and thereby made it possible for the people of Rockcastle County to meet and celebrate this great day in unity.

Resolved, That the Livingston Commercial Club extend its congratulations to said Organization and expresses its thanks and compliments for the way, manner and dignity it conducted said picnic, which was indeed a success, and extends to said Organization its many wishes for a rapid growth and success.

Resolved, That a copy of these resolutions be spread upon the minute book of the Livingston Commercial Club, a copy be sent the Local Council of the Jr. O. U. A. M., and a copy be sent the Mount Vernon Signal for publication.

Committee:

From time to time since the European war began, protest has been made by Germany, by pro Germans in this country, and by uniformed or sentimental people generally, against the methods of the blockade imposed by the allies against the central powers.

Especially has it been charged that the allies had no right to interfere with our commerce in articles that the blockade powers wanted to buy from us. Cotton has been the pet grievance of a certain class of publicists.

Make Fish's store your headquarters when you come to the Institute next week.

Bacon Butts 11c. Flour 75c, Sack Meal 85c bushel at Drummond's Two Stores.

The Ford has more power in proportion to its weight than any car made. It holds the world's hill-climbing record.

Edd Lathem was up from Pulaski county yesterday and says most every one from his section is coming to the Mt. Vernon Fair.

John Owens, a splendid good citizen of the Mareburg section died last Saturday of tuberculosis. He had been sick for several months.

Floyd Miller was in Danville Saturday and drove back a new Chevrolet car, for which he and F. L. Thompson Jr. have the agency.

Willis Allen who has been sick for several months with tuberculosis, died Tuesday. His remains were laid to rest near his home the day following. He leaves a widow and a large family.

Uncle Henry Gentry tells us that he would like to be the first man in the county to start a separate road fund to be used only in case the funds raised by the County Bonds are not sufficient to finish the pikes all the way two ways across the county. He says he will very willingly start this fund with a donation of \$10.00.

Miss Kate Moore, aged 67 years died at her home on Main street, Tuesday after an illness lasting since last Friday of bronchial pneumonia. Miss Moore ran a small confectionery for years and was well known by most all visitors to Mt. Vernon. She was kind to all, and especially the little folks, all of whom she could claim as her little friends. Funeral services were held at the home Wednesday, conducted by Rev. H. T. Young, and the burial took place in Elmwood cemetery.

Per Shelton, the L. & N. concrete man, is here with his force building platform and walks around the depot. It will be a great improvement when completed. Then when the depot gets electric lights, which will really be worth more to the public than the concrete platform, Mt. Vernon's railroad station, which heretofore has not been specially attractive, will really be a very respectable place. Mt. Vernon stands about third as to revenue paid company on Lebanon branch and a little improvement is really due to come our way.

Fish's \$15 Special suits fit better look better and wear better.

Dr. W. G. Dailey was here from Millersburg Tuesday to see his nephew Charley Dailey.

Charley has a severe case of typhoid and is in a serious condition.

Bogue Smith of the Hiatt section bought a fine bunch of hogs from John W. Hilton this week at 8cts. Mr. Smith was in Stanford Monday and sold a bunch of cattle at a good price.

There are any number of good cars on the market. The Chevrolet is one of the good ones and the price is only \$550. plus the freight. Ask Thompson & Miller, Agents, for a demonstration.

State Road Inspector James Maret visited home folks at Mt. Vernon, Saturday and Sunday. Mr. Maret reports fine progress in the construction of highways in the mountains, especially on Boone and Dixie highways.—Winchester Sun, July 10th.

WANTED:—If you have any Indian relics such as stone pipes, large flint spears, grooved axes, pots and bowls, shell beads, etc., found in caves, graves and old fields. Write to W. L. Griffin, Somerset, Ky., and get his prices on them.

All stockholders of the Mt. Vernon Fair Ass'n are requested to meet at the Fair Grounds Thursday July 27th, to CLEAN-UP and help get things in shape for the biggest Rockcastle Fair ever held.

The L. & N. will have a passenger coach on the Local from Livingston every day during the Mt. Vernon Fair returning in the afternoon. Arrangement have been made for the night train (21) to stop at Pine Hill every night of the Mt. Vernon Fair. This will give the people of that section an opportunity to see it all and get home at night, (if they don't care to stay over.

Mr. Ray Miller, youngest son of the late M. C. Miller, formerly of this place but more recently of Franklin county was married to Miss Elizabeth Buntain of Lawrenceburg. They are at present visiting his people here. The wedding was a complete surprise to Mr. Miller's friends here who are extending congratulations. They will reside in Franklin county.

The Clark County Fair which is to be held in Winchester July 26-29 inclusive will be the biggest exhibition ever held in the state of Kentucky. Preparations are under way for the handling of the largest crowd that has ever attended a fair in that city, and the largest number of horses that has ever attended a county fair in the Blue Grass will be quartered on the ground. To take care of the horses the fair company has been compelled to construct additional barns and everything will soon be in readiness for the big event.

The tract which is the fastest half-mile course in the state is in prime condition and will continue to be improved from now until the date of the fair. There will be twelve trotting races and eight running races during the meeting, and entries which closed July 7 showed horses entered from the Central, Middle and Southern states. One of the greatest show events which will bring together the greatest number of high class saddle horses is the Bankers Stake carrying with it premiums to the amount of \$250 and the Brown-Proctora Harness Stake, with its premiums of \$100.

All the high-class saddle horses in this and other sections of the State and many from other states will be here to compete for the premiums which are the richest that have ever been offered by a Kentucky Fair Association. The management of the Fair has provided the best band in the country that could be secured to furnish the music for the Fair, and the Royal Scotch Highlanders will play musical programs during the afternoon and evening. The concerts at night will continue for one hour and forty minutes. In addition to this an excellent amusement feature has been secured in the Metropolitan Show with its two great bands and a personnel of two hundred and fifty people. Reduced rates on all rail roads leading to Winchester.

The Chevrolet five passenger touring car sells for \$550. Have you examined this beautiful car to know what you can get in a good machine and at a reasonable figure. Thompson & Miller, Agents.

Don't forget Ford after service. Over 8000 dealers are under contract to carry a supply of Ford repairs and to sell each repair for the same price that part would cost in an assembled. No matter where you are with a disabled Ford you have the assurance that just a little ahead is the repair and the service you want. No waiting for ordered parts.

Two real fine boys of our town who went on the excursion to Louisville Sunday, decided to take in the town. They strayed here and there until they had missed the train, then they found they were left alone in the great Metropolis without food or money. They thought of their tickets! The pitiful lads roamed hither and thither until they found themselves at Highland Park where they spied a freight train: They seized it!—with the greatest of audacity, and reached home early Tuesday morning. "They sleep."

SHOULD SLOAN'S LINIMENT GO ALONG? Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine condition for the morrow. You should also use it for a sudden attack of toothache. Stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Write one vacationist: We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

Get it at Fish's.

When you begin to think of a car, think of the Chevrolet, the car with all the conveniences, and attachments at a medium price.

BILLIOUSNESS AND STOMACH TROUBLE

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbryke, Lima Ohio. "I could eat very little food that agreed with me and I became so dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere.

LOOK GOOD—FEEL GOOD

No one can either feel good or look good while suffering from constipation. Get rid of that tired lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box to-day, take one or two pills to-night. In the morning that stuffy, dull feeling is gone and you feel better at once. 25c at your druggist.

John A. Proctor has sold his store and farm at Quail and tells us he expects to locate in the West and may make the trip overland.

HWY MENDURE SUMER COLDS?

It isn't necessary to have a stuffed head, running nose. To cough your head off as it were. All you need do is to use Dr. Bell's Pine Tar Honey. The soothing and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.

Almost a nervous wreck was Mr. Blackburn, of Richmond He now has splendid health

"I can safely say that before taking Tanlac I was almost a nervous wreck," said Mr. John Blackburn, 165 Center street, Richmond, Ky.

"My nervousness was undoubtedly caused by stomach trouble. Since taking Tanlac I never felt better in my life.

There is hardly a portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive system, thereby enriching the blood and invigorating the whole system.

Next it enables a weak, worn-out stomach to thoroughly digest its food, permit the assimilation of the nourishing products to be converted into blood, bone and muscle.

It overcomes it is said, that

great exciting cause of disease, weakness. It renders the body vigorous and elastic. It keeps clear and energetic, and throws off the symptoms of nervousness and indigestion. It builds up the constitution run down by disease and mental and physical overwork, quickens convalescence and is an unfailing source of comfort to all sufferers from such trouble.

Tanlac aids digestion, promotes healthy refreshing sleep and strengthens the nerves.

Tanlac is being specially introduced in Mt. Vernon at R. H. Miller, also at Central Drug Co., Livingston, and John Robins' Drug Store, Brodhead W. M. Owens' store, Barr, Lin. Bros., Crab Orchard, S. E. Welch Bros., J. Reynolds and Son, Bee Lick.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

NOTICE!

Having decided to go west, will offer for sale, privately all of my property, both personal and real, as follows, until August 15th, and on that day I will close all that remains unsold at public auction at my home, Hansford, Ky.

Real estate for sale on easy terms: Farm or tract No. 1 of 130 acres, 4 miles south of Mt. Vernon, with 1 storehouse, dwelling house and barn, and three tenant houses, several good coal mines from which Mt. Vernon and surrounding country get the greater part of its coal supply.

Farm No. 2 of 156 acres, 4 miles south of Mt. Vernon, 2 houses, 1 barn, about 35 acres in growing crop, 60 acres in grass and balance in woodland; adjoining farm No. 1, so as to make one well located farm if purchaser should desire both tracts. Farm No. 1 ties on east side of creek and mostly underlaid with coal. Farm No. 2 on west side of creek, rather a valley farm, with some coal in the hill.

Farm No. 3 of 190 acres, one half mile west of farm, No. 2; a good strong valley farm in good state of cultivation and not very much improved. About 100 acres cleared, balance in wood-

land.

Farm No. 4 of 271 acres, 5 miles south of Mt. Vernon, in good state of cultivation, well improved; 1 good dwelling house, barn and storehouse and all other necessary outbuildings; 6 tenant houses. This farm is a creek farm, running to the hilltops, with some workable coal in the hills. Also has a 10-acre orchard set out this spring, consisting of about 500 Stayman Winesap apples and 500 Elberta peaches, if all are true to name, with a guaranty from the company to prune and spray for 3 years. Holes were dynamited for trees and great care taken in setting the orchard. Also about 6 acres of other orchard on this farm. This is the farm for the stockman; a good farm and well watered and only a few years to wait for a young fortune from growing fruit.

Farm No. 5 of 258 acres, adjoining farm No. 4, with one good dwelling house, barn and storehouse; 4 tenant houses and barns, good orchard; known to be as good if not the best stand for merchandise in the county. Also has a good coal mine.

Farm No. 6 of 250 acres, 2 miles west of farm No. 5; good valley farm, in good state of cultivation; good house and barn; good orchard; 1 tenant house; about 120 acres cleared and the balance in woodland.

3 town lots in Bethurum & Lewis Addition to Mt. Vernon, Ky., and 1 lot in Jersey City, N. J. Also have a few hundred acres of desirable mineral rights to sell.

It is not worth while to speak of the water on these farms, as it is well known that Rockcastle is one of the best watered counties in this state or any other state. All of these farms are hardy to churches and schools and the county has under consideration, 4 turnpikes out of the town of Mt. Vernon, north and south, east and west. Several miles have been let and work already begun.

Those farms are on the pike road leading south from Mt. Vernon, on the waters of Dry Fork and Skogg's Creek and most of this land is limestone land and fine producing and grass land. Will sell on easy terms any part of this land or all as a whole. Anyone wishing to buy land, either for investment or home, will do well to call and go over the land, and get my price and terms. For the benefit of those who might know these farms and locate them better by name, I will name them by their former owners: Tract No. 1 known as the Sand Spring coal fields; Tract No. 2 known as the Will Price farm at Sand Spring; Tract No. 3 known as the old Tommy Graves valley farm; Tract No. 4 known as the K. J. McKinney farm; Tract No. 5 known as the W. C. Nicely farm at Hansford; Tract No. 6 known as the Mat Deboard and later the Albert Hamlin farm near Level Green.

PERSONAL PROPERTY for sale on easy terms:

8 work mules; 4 wagons; 1 hack bed; 1 new surrey; 1 rubber tire buggy; 1 set of buggy harness; 4 turning plows; 3 section harrows; 2 disc harrows; 3 walking cultivators; 4 double shovel plows; 4 bull tongue plows; 1 mowing machine; 2 rakes; one-half interest in 1 binder; about 2500 ft. of 1 1/2 inch iron pipe in care of Mt. Vernon Fair Association; 1, 12 horse power boiler and engine; all of my interest in about 200 acres of growing crops, to be sold as it stands or so much per bushel a gathering time. 2 stores and fixtures, one store at Hansford and one at Sand Springs, 5 show cases; 2 desks; 1 typewriter; 1 iron safe; 1 share in Peoples Bank; 1 share in Mt. Vernon Fair Association; 25 shares in Central Life Insurance Co.; 2 shares in Don Overland Shoe Co. of Indianapolis, Ind.; 3 shares in Kentucky Rural Credit Association.
